

WELCOME TO THE SPICE KITCHEN.

We use high quality products, whenever possible from local, organic or biodynamic agriculture. All our meat, including poultry, is sourced exclusively from Swiss farms and is processed by the Grunder butchery right next door. We work in close cooperation with our suppliers and are constantly on the lookout for innovative and authentic products.

We gently enhance the pure taste of our fresh products with the perfect choice of spices, giving you an unforgettable and enjoyable dining experience.

DESTA'S COFFEE

The happiest coffee in the world.

Desta's Coffee is not just a premium coffee made from pure Ethiopian Arabica beans with gentle slow-roasting in the Swiss roasting manufactory. The philosophy behind Desta's Coffee is convincing and effective: It guarantees a direct, fair collaboration with the Ethiopian peasants and actively supports their independence, development and education by returning 20 percent of the profit. The aim is to re-establish a healthy cooperation, a balance of giving and taking.

LOCAL ORGANIC MILK

From cows with horns.

The milk origins exclusively from local organic farms which treat their cows respectfully. The cows are not dehorned, as their horns are important for communication and a healthy hormone system.
